

FIEUZAL

Grand Cru Classé de Graves

2022 VINTAGE

“Deep”: Provoking an impression of thickness, of intensity... strongly penetrating the understanding of something... sensation of infinity...

With its electric ruby appearance, this 2022 vintage captures the attention at first glance with its brilliance and radiance. The bouquet is initially defined by fresh red fruit notes with terrific intensity and precision. Redcurrant and blackberry, not yet quite ripe, define the first aromas. These are followed by very precise notes of liquorice and spices, adding complexity to the aromatic profile.

The attack is both lively and elegant. It then unfolds endlessly, with relative depth at this stage. Light notes of powdered cocoa coat the palate.

This wine provokes impatience & desire.

Stephen Carrier, Winemaker
